

## **TRAFFIX MASK MANDATE – UPDATE**

The TRAFFIX Program is aligned with the San Ramon Valley School District 's guiding principle regarding mask /mandates which is to fulfill, but not exceed, local and state public health requirements.

Effective March 14, 2022, the mask mandate on all TRAFFIX buses will no longer be in effect for students and drivers. The lifting of the TRAFFIX mask mandate is applicable to all students regardless of vaccination status. This information is directed by Governor Newsom, California Public Health and Contra Costa Health Services.

We encourage students to be respectful of other student's choice to wear a mask. Bullying, teasing and peer pressure of students who choose to continue mask wearing will not be tolerated. Thank you for your cooperation.
