PROJECT NOTICE:

# Diablo Road Culvert Replacement

Current Resident  
1234 Street Ave.  
Danville, CA 94526

## Diablo Road Culvert Replacement

The Town of Danville will replace a drainage culvert on Diablo Road, which will be closed to through traffic from Alameda Diablo to Avenida Nueva beginning March 23. The project is necessary to maintain safe travel on Diablo Road and integrity of the Town drainage system. The temporary road closure will result in the shortest project duration and cost efficiency. The expected project duration of March 23 to April 13 aligns with nearby school break schedules. Learn more and subscribe to project updates at:
